reserved for Doreen Sel,  
Well I really don't understand why you saved this whole page for me. I don't know what I'm going to write. Well, to begin with this was a great year. Maybe everything we wanted didn't turn out right but at least they turned out. First of all next year you better be in more of my classes. Bow and Jo are going to Tech so that means me, you and Vickie are going to have to stick together. We had fun at all most all of the dances, football games, basketball games, and track meets. (Did I forget anything) OH! I can't forget bowling. This summer we are really going to have to get together. We can go play tennis, go to the beach, but one thing you have to do is teach me how to swim, super good. One thing I hope you had fun at was the party I had for you. It kind of turned out a flop but at least Don and Tom stayed around for awhile. I still don't know why I gave you that egg. I'm not even down to half the page and I have run out of things to say, do you believe that. I can't wait until we go to Cedar Point. We'll probably all get sick. Well next year should be a pretty good year. We'll be Juniors do you believe that. Some of the things (or should I say all) we did this year were really dumb. I'll just name some because if I name them all I would use every page in the year book. Like when I played the national Anthem (spelling) at the swim meet. I never felt so ~~stupid~~ stupid in my life. Then when we went to go see that movie with Jane and Debbie. Remember that stupid kid by Chris B. and then when I met Vince (I almost died). Remember all the great times we had with Chester and how he never knew our name. How can I forget... Well, let's see what was I saying. Bow really wrote alot in your book I hope you don't ~~think~~ think that I'm going to write that much. If I did my hand would probably fall off. I can't think of anything else to write so maybe I'll write a couple P.S.'s.

## 1973-1974 . . . .

... will be remembered for some time to come, but not merely for those activities which were school related. Rather, we shall someday look back upon and recall those things which surrounded us then. Those often mysterious things which seemed to grab hold in a tightly-clenched fist, strangling us into a near oblivion. Those things which caused so much pain, yet may someday be referred to as the "good old days."

But for now, in the spring of 1974, only the bitter events are brought to mind. The bitter visions of the Yom Kippur war in the Middle East, between Russian-supplied Egypt and former-champion Israel, comes easily to mind. It was a war which soon plunged the entire world into a coldly-black energy shortage.

Chile and Greece burned with revolutionary torches, adding a bitter after-taste to a supposed world peace and preparing the stage for further uprisings to follow.

Yes, there were many terrible moments for the world in 1973-1974.

For the United States in particular there were more hardships, of a different variety altogether. The infamous Watergate Scandal haunted the minds of all Americans, bringing views of a corrupted administration and endless national crises. We saw the fall of Vice President Spiro Agnew, replaced months later by Gerald Ford, while Chief Executive Richard Nixon tottered on the edge of a bottomless pit of insecurity and un-integrity. Around all roamed such mysterious entities as Haldeman, Ehrlichman, Mitchell, Hunt, Colson, LaRue, Dean; the list could go on and on, with no end in sight to the seeming injustices.

We suffered our blackouts, our gasoline shortages, and our runaway inflationary trends, yet we somehow managed to live through it all. Perhaps it was that strange Christmas visitor from outer space, the comet Kohoutek, which saved us all from ruin in some unknown manner.

More probably, though, was the simple fact that Americans have learned to band together in the ethics of work.

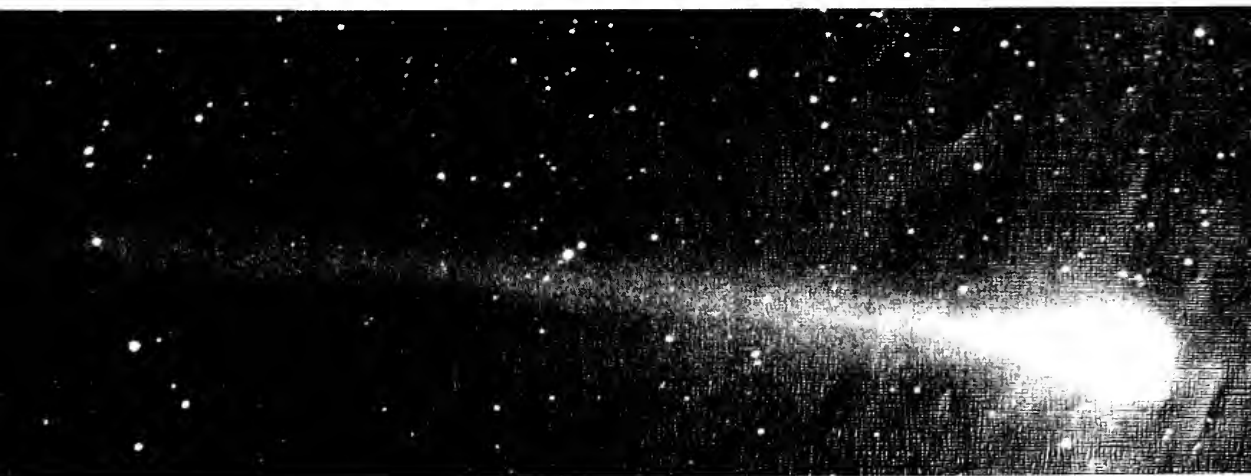

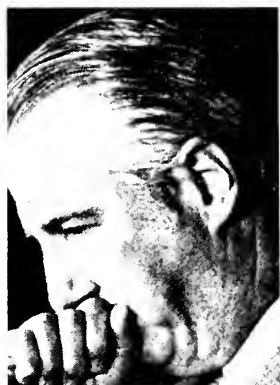

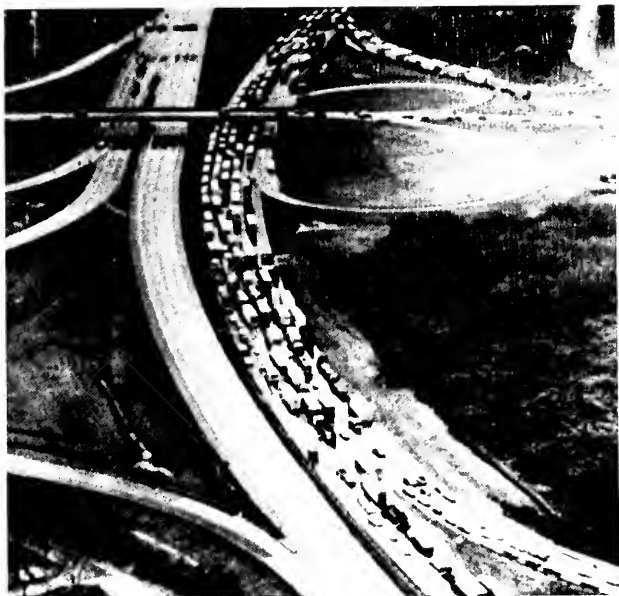

Work encompasses a wide scope - companionship, involvement, or the often eluded-to pursuit of happiness. People in the United States shared these traits in the year just past. Whether it was for the impeachment of a President or a nation-wide truck stoppage, people did work together towards their desired goals.

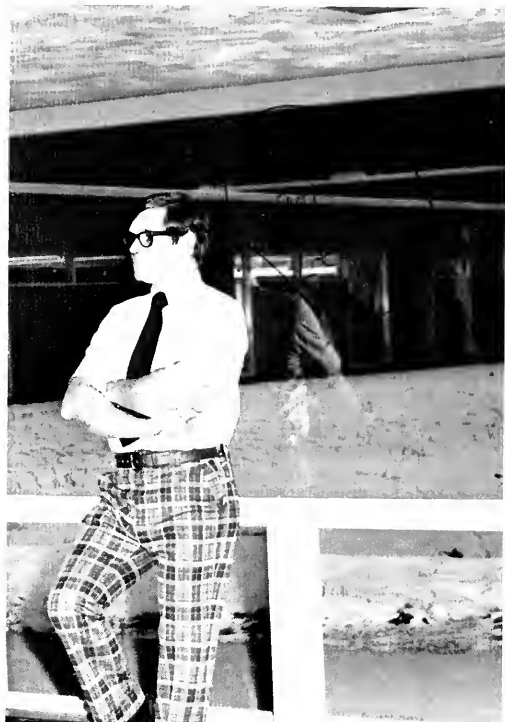

Here at Harbor Creek the movements weren't nearly as severe, though nevertheless the work ethic showed itself. A Homecoming float, a Christmas program, or any of a number of school-related activities, revealed the working capabilities of the student from Harbor Creek High School.

The experiences throughout this year have proven very rewarding to a great number of people; people who shall continue to do their share of the work.

# Graduates

Twelve years is a long time. But for Harbor Creek's seniors, it has been twelve years of memories, good and bad; of events, joyous and sad; but mostly of work. Whether a senior play, class dance, or any related activity, seniors have found time passes faster when coupled with work; and when all is done, the results are worthwhile.

Bye Bye Birdie is one of the most captivating musical shows of our time. It tells the story of a rock and roll singer who is about to be inducted into the army. The singer, Conrad Birdie, an Elvis Presley type, has a pompadour and thick sideburns, he wears gaudy gold costumes, and speaks in a rugged voice. Albert Peterson, his agent, is a very pleasant mild mannered type. It is his faithful secretary, Rose Grant, that keeps him and Birdie moving forward in the world. Rosie concocts one final national publicity plan before Conrad's induction. He will bid a typical American teen-age girl goodbye with an all-American kiss. Kim MacAfee, in Sweet Apple, Ohio, wins the honor.

Bye Bye Birdie is satirical but not malicious. It gives an insight into the everyday life that is very much part of us. It is the tops in imagination and frivolity; a show that will be enjoyed by the cast as much as the audience.

# Student Life

It has been said by some that student life, as such, does not exist at Harbor Creek. This could not be more false. Our students are involved in everything from making maps in science class to basking in the glow of a bonfire's light. Somewhere along the way they've been involved with work - and everywhere this involvement shows itself.

## A Variety Of Classes May Be Chosen To

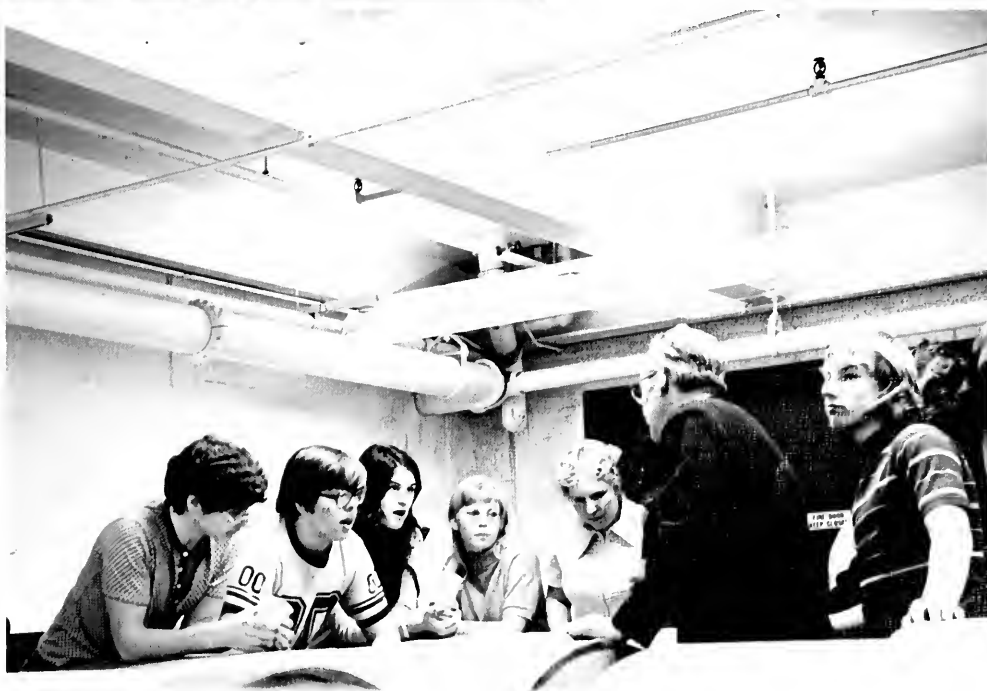

## A black and white photograph of a group of young people in an indoor swimming pool. In the foreground, two figures are silhouetted against the bright light from large windows. One figure is standing and holding a camera, while the other is crouching. In the background, several other people are swimming in the pool. A sign on the wall reads "Christ let go!".

much. Let me

The underclassmen are workers in the truest sense of the word. They find themselves outclassing the Jr. High students through difference of age, and often winning out over the seniors through pure will power and work effort. These are competitive years, through which the Harbor Creek 9th, 10th, and 11th graders pass successfully.

## Erie County Vo-Tech

The Erie County Tech School is set up on the basis of the student in his or her senior year going out on a co-op job.

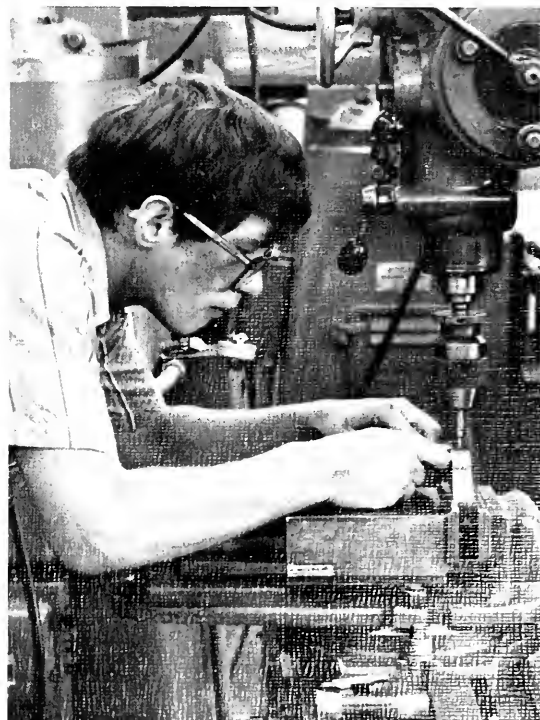

How does co-op at tech work?

Simply beautiful. Only a senior can get the right to be eligible. He has to work up to it in both schools; his home school and the tech school, by keeping up the grades, work and spirit. Once a senior, the instructor qualifies the student by skill competencies, interest, safety practices, work habits, responsibility, and attitude. Then the student is available to work either full time or part-time work shifts, on a two-week agreement. While on the job they go further into the field of their choice, and get paid while in school.

Just like anything else the co-op program needs supervisors, counseling, and home school cooperation so that it can stay on its feet.

The Vo-Tech six hour daily training schedule at the school—two weeks at a time—provides full opportunity for theory instruction as well as heavy emphasis upon hands-on training and easily leads the student to the eight hour standard work shift.

The best proof of the program working is that 87% of Erie County Vo-Tech seniors have full time employment by the time graduation comes around in June.

# Occupational Education

Kevin Gray, Mr. Lundberg, Vicky Luke, and James Feeney at the Sweden House

David Roth and Mr. Krieger at the Harbor Creek Municipal Building

James Sinclair, Mr. Irwin, Kathy Robison, and Kevin Larson and Howard Johnson's

The Harbor Creek Occupational Education program (in its eighth year) works on the principle of having each student spend a week at school and then a week working at an area job. Each student is given four different opportunities during the two years of the Senior High program. This enables the student to learn through experience the skills and attitudes that will be required of him in the world of work. Employers who participate do so voluntarily, and their help is invaluable in achieving the goals of the program.

# Wrestling Cheerleaders

Wrinkled pleats, white shoe polish, broken shoe laces, fraying pom-pom, orange and black paper jerseys, hours of practice, doing the pom-pom routine again, and again and again, sore throats, swollen ankles, black-and-blue knees, Victory . . . This is a cheerleader!

True dedication to the school and team are shown through the Cheerleaders' actions at Harb. Hours of practice in the sweltering sun, or at 7 in the morning, fighting off the bugs, and a great loss of sleep paid off when the Varsity Squad brought home a white and a red ribbon and a "Spirit Frog" from ICF Cheerleading Camp at Williamsport, Pa.

During the parade honoring Captain Paul Weitz Harbor Creek's cheerleaders led the festivities by heading the parade with the Harb banner.

Despite all the hassle, the muscle cramps and bus rides, the cheerleaders are going to miss the Alma Mater and thrill of being part of the spirit expelled at Harb.

## Leaders

"CADETS, let's line up!!! Oh, no, not again!.. ready...1,2,3,4,5,6,7,8... c'mon, put something into it, girls!...and smile. girls, PLEASE!.. Do St. James Infirmary. ready?... wear your orange uniforms... practice tomorrow till 4:30... but first, let's go over the Proud Mary routine. again... you're not pointing your toes, girls!!!!"

These gems of intelligence can be heard in the foyer after school most every night as the Cadets and Twirlers, under the direction of Mrs. Cass and Miss Seifert, prepared for their stints at the Soldiers and Sailors Home and for basketball games with the Pep Band. They also participated in the Fairview Band Competition. helping Harb win first place.

These proud Marching Huskies took first place at the Fair-view Band Competition held October 20, 1973.

Our ineffable percussion section.

The trophy!!

Mixed emotions about field practice.

This year of 1973-74 was a very progressive and prosperous one for the Harbor Creek Band, and consequently, there will be many things for those concerned to remember. Some of them are: "You have twenty seconds to get back to the goal lines, 19...18...mark time, move..! pick up those knees, and don't fluff off on those forty-five degree turns.... Percussion, you sound like twenty different drums playing and there's only seven of you.... Three cheers for the Huskie Band!! You got brains? That music is yuckka!! We leave the stands with three minutes left.... Look straight ahead, don't turn your head and DON'T TALK!!

Along with this there is: Kevin's shirt, baggy uniforms, L. L., playing at McDonald's, banners for the bus to Fairview, and finally winning first place. Our esprit de corps was tremendous.

Drum Major, Kevin Nuber

# Color Guard

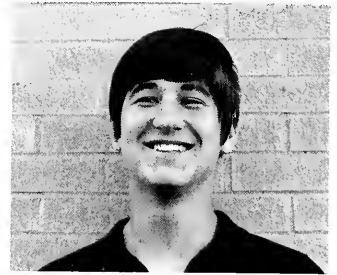

# Pep Band

The fantastic Harb Pep Band being directed by Band student teacher, Mr. Dave Kacprowicz.

This talented group of musicians is the prime entertainment at pep rallies and basketball games. Under the able direction of Mr. Baran and president, John Lytle, they have appeared at the Soldiers and Sailors Home and played at some area college basketball games. From the easy listening sounds of "Sweet Caroline" to the Spanish beat of "El Cumbanchero," the Pep Band has given us many hours of delight.

## Jr. High Chorus

## Jr. High Student Council

The Jr. High Student Council has kept busy this past year. Besides making final payments for the high school score board, the Student Council has also sponsored such entertainment as the Arkansas Lassies, who visited our school on January 21st.

Mr. Leroy Warthman - Jr. High Student Council Advisor

## Sr. High Student Council

The Sr. High Student Council duplicated their Jr. High counterpart, for they too kept very busy this year. Four members participated at the Northwestern Tri-County Intermediate Unit Study Forum, these students being Seniors Jim Johnson and Mike DiRaimo and Juniors Bambi Amato and Terry Wallace. Mike DiRaimo also traveled to Harrisburg for discussions concerning the Energy Crisis.

The Student Council has also participated at Harbor Creek. Acquiring a pop machine, furniture for the student lounge, and sponsoring a bowling party are just a few of their past accomplishments, with much more planned for the future.

Mr. Joseph Smith  
Sr. High Student Council Advisor

The Model United Nations Team of Harbor Creek High, led by Advisor Paul Foust, represented the country of Norway this year. Topics examined and discussed by the team included the re-admission of Taiwan, possible solutions for the Energy Crisis, what steps to take concerning terrorism and hijacking, how to deal with political refugees, and how to regulate the trading of military armament. Bloc meetings, taking place at Academy, East, Vincent, North East, and Harbor Creek, prepared the team for the bills which they presented, as possible solutions, at Gannon College on November 9-10.

"Mrs. Whitmore, I can't come to the meeting tonight. I have an interview with Maureen McGovern . . . Did Mary get the camera so we can take some pictures? . . . Oh, hi, Mary, did you get the camera? . . . Good . . . See you at 7:30."

Many conversations, from the Maureen McGovern article to ads for the paper, were often heard in the Abraxas-Yearbook room after school. The staff put in many hours of work and did a fine job on this year's paper.

A year of life in a foreign country, living in another type of life and talking a foreign language, is a wonderful experience for any teenager.

I've enjoyed my stay in the United States. In my American family, the Lockes, I have two brothers and two sisters. Jeff and Sandra are Seniors this year, Gordon is in ninth grade, and Cheryl goes to grade school.

The first months I had trouble understanding English, but my family, teachers, and friends helped me a lot, so I could understand the language better than before.

This is the greatest year in my life, and I will never forget Harbor Creek and its friendly people.

One of the most beautiful experiences in my life has been to come to the states, and particularly to Harb. The kids are very nice and so are the teachers.

I am very grateful to Mr. Richard Helsley and family and to Mr. Henry T. Plumb and family for receiving me like a daughter in their homes and for the love they gave me. I'm thankful, too, to the FIC committee that gave me the opportunity to come here.

I had a very good time at Harb. I liked the enthusiasm in the games and competitions. And, of course, I had joy.

I will never forget all this and I hope the kids of Harb, the school, and the teachers will always be like we are now.

The thrill of a pep rally - the excitement of an assembly - even the mystery of a fire drill - after a while these occurrences are commonplace. Yet to the 7th and 8th graders of Harbor Creek these are strange and often unique happenings, With time, patience, and the willingness to do work, these students will surely go a long way.

It doesn't take much to make a team;  
 it takes nine to play baseball; four less and  
 basketball is underway. It does, however,  
 take something to make a winning team. It  
 takes hustle, it takes dedication, and it  
 takes a lot of work. From the results, it's  
 obvious that Harbor Creek's athletic teams  
 have just this winning combination.

The track team ended an undefeated season by winning the County Track Meet at North East. Highlighting the win was the selection of the following eleven boys to the All County Team; double winner Jim Johnson, Jim Divins, Doug Henry, Dave Nowakowski, Mark Johnson, Joe Guzowski, John Eberlin, Greg Swanson, Ron Uglov, Cliff Schreckengost, and Doug Pfeffer. Eberlin was also named the outstanding field man for his record setting 42' 5" in the triple jump.

The Huskies finished the season with a record of 6 wins and no losses, including important wins over arch-

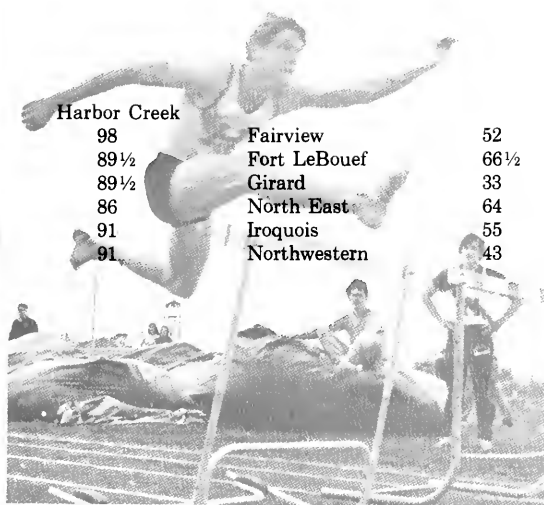

rivals Iroquois and favored North East. This marked the second time in three years the Huskie thinclads have been undefeated under coach Steve Henry. During the season the Huskies were led by Jim Johnson, the outstanding trackman, and John Eberlin, the outstanding field man. With both of these boys returning next year along with seniors Ron Uglov, Miles Sonney, Wally Stanley, and juniors Tim Uglov, Dale Soder, John Kindland, and Cliff Schreckengost, and sophomore Greg Young. The Huskies have high hopes for another fine season.

The 1973 Harbor Creek two-mile relay team, comprised of Greg Swanson, Joe Guzowski, Doug Pfeffer and anchor man Jim Johnson, capped off an undefeated season by becoming the only Harbor Creek entrant to win both the County and District Titles. In doing so they also established a new school record of 8:06.2. Congratulations on a job well done!

The Huskie baseball team had an excellent year, with 14 wins and 4 costly losses. The fine season was the result of extraordinary hitting and fielding performances by Terry Roseto and Tom Marano. Roseto finished the year with an average of .453 with 29 hits for 64 times at bat. Marano finished with a .349 average with 29 hits for 63 times at the plate. Roseto belted 5 homeruns while Marano hit 3. Dave Spyker also added to the Huskie attack along with freshman Terry Sliker, who had an outstanding perfor-

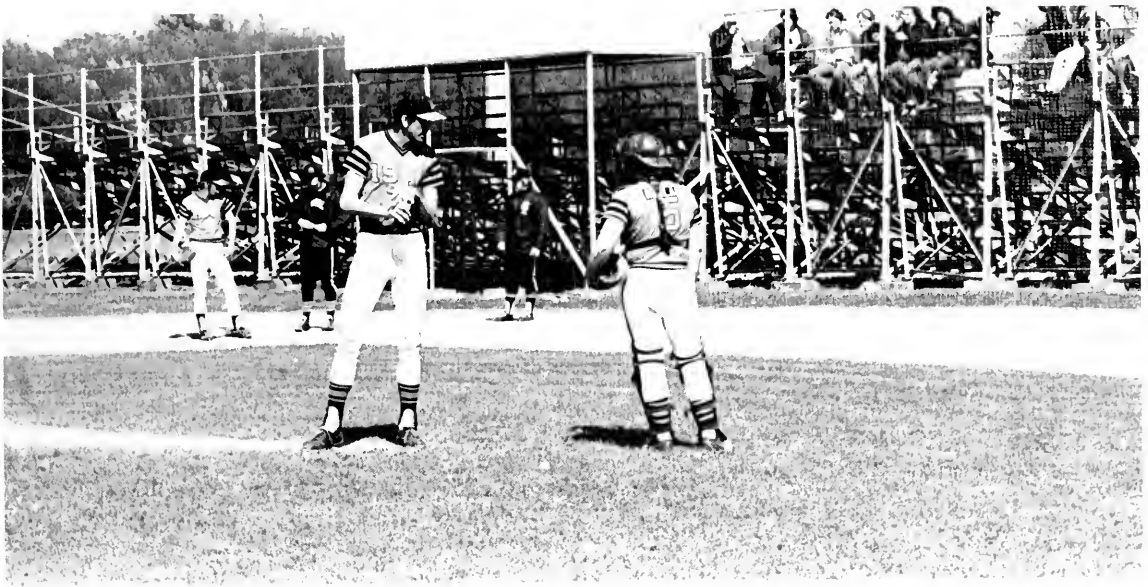

mance at third base. Spyker, as a pitcher, had a record of 4 wins and 1 loss, giving up only 17 runs in 32 innings. Gary Colvin, a junior, was a late season standout when he was discovered to be an excellent catcher. Gary went unnoticed at the catching position during the first part of the season, but proved his ability towards the end. The admirable season should be credited to the entire Huskie team and coaching staff.

He's throwing a spitball!

The 1973 Huskie football team, hoping to repeat as County Champions, fell short as they finished with an overall slate of three wins and six losses. The never-say-die Huskies, under head coach Tony Sanfilippo, featured a rugged defense led by All-County selections co-captain Jim Johnson, Dave Ellwood, Jim Nowakowski, and Tim Uglow, along with co-captain Gary Colvin. Joining these five to form an explosive offense were quarterback Dave Spyker, fullback Chris Goddard, halfback Ron Uglow, and linemen Reese Fesmire and Jim Hedlund. With Hedlund, Tim Uglow, transfer student Tom Cleary, and sophomore sensation Greg Young, who suffered a concussion at mid-season, along with a cast of underclassmen returning, the Huskies' chances for a County Championship next year look promising.

The Huskie Golf team, under the guidance of Coach Ed Grzelak, completed the 1973 season with seven wins and five losses. Leading the team were letter winners Gary Lupp, Mike DiRaimo, Dave Ripley, Matt Thayer, Todd Smith, Mark Clougherty, and Greg Pihl. Ripley lead the team with a season average of 80, while Team Captain Lupp completed the season with an 82 average.

Prospects are good for next year's team, with eight members returning. Besides letter winners Ripley, Thayer, Smith, Clougherty, and Pihl, Tony Pepicello, Joe Mack, and Doug Binney will also be on next year's squad.

The Harbor Creek basketball team had its second big year in a row under Head Coach Ed Grzelak. Led by the high scoring of seniors Jon Kennedy and John Eberlin and the defense of playmaker Jim Johnson the Huskies finished with a fine over-all record. After getting off to a slow start the Huskies roared back to win six games in a row before a heart-breaking one-point loss to the Iroquois Braves, slowing the Huskie express. Tim Ward and Greg Wykoff proved to be pleasant surprises as both aided the team with their rugged rebounding and accurate shooting. Also seeing plenty of action were Dave Ellwood, a strong boardman, and John Hillkirk and Jeff Kathman, two solid ball handlers. Senior Dave Spyker missed most of the season due to illness, but returned to action in the second half. The individual highlight of the year came when Jon Kennedy became Harbor Creek's second leading all-time rebounder. With returner Wykoff, as well as Craig Fournier, Todd Smith, Terry Sliker, and Mike Helffrich, the Huskies look for another big season next year.

Johnson starts the fast break.

Coach Jester's optimistic hopes of another County Championship were brought to an end as the Huskie wrestlers, plagued with injuries and suffering several close defeats, finished with a 6-8 mat record. Despite the record the Huskies had several outstanding individual performers. Jim Nowakowski closed out his career at Harb by compiling a 42-3 record over the past two years as well as winning the District title this year. Both Jim and senior Gerry Sweet won District titles as well as being All-County selections. Also wrestling this year were Seniors Tim Robison, Miles Sonney, Dave Snowden, Bob Holby, Mike Benson, Rick Leasure, and Terry Johnson; Juniors Jim Hedlund, Mark Randolph, Curt Sonney, Shawn Costello; Sophomores Jay Miller, Kurt Stephenson, and Dave Renner; and Freshman Lonnie Akerley. With 10 lettermen returning next season, the Huskies are hoping to return to their winning form.

Another pin for Jimmy.

Chris Watson paddles through the breaststroke.

Although not shown in the win-loss record this season, the Huskie swim team, under the guidance of Coach Joe Buchan, showed some fine talent throughout the year. Led by co-captains Larry McComber and Dave Johnston, the Swim team showed outstanding development in many areas. This included Ray Buszek in the backstroke, Matt Thayer, Chris Watson, and Ken Novet in the breaststroke, Scott Dalglish and John McDermott in the individual medley, Howard Fuller and Scott Dalgish in the butterfly, Mike Finke, Jim Ogle, Bob Graf, Paul Nakoski, John Shultz, Bryan Milliren, Paul Gryzwenski, Mike Swanson, and Howard Fuller in the freestyle, and Frank Mayr and Dave Johnston as divers. The outlook is very good for next year, when many experienced students return for the Swim Team's second season.

# Junior High Sports

**FOOTBALL** in it's second year of interscholastic competition on the Junior High level saw the Huskie gridders gain valuable experience as they move up to the varsity level. Under coaches Scieford, Claypool, and Blose the little gridders showed great enthusiasm and spirit despite a winless season.

1st row (l. to r.) - Mgr. D. Oreglia, S. Smith, M. Wykoff, J. Pisani, M. Rudzinski, D. Spyker, D. Garwig, Mgr. J. Goddard. 2nd row - Coach

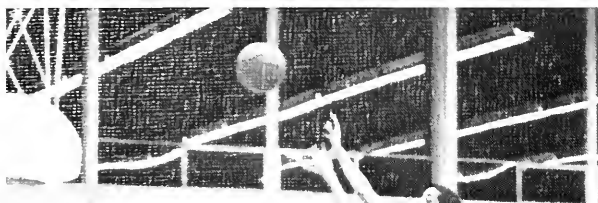

Haynes, M. Mitchell, K. Kimiecik, P Sieber, B. Cachanowski, R. Nole, D. Castano, S. Rzepecki, G. Jordan, Mgr. T. Pierce.

**BASKETBALL** on the Junior High Level, under the direction of Coaches Haynes, DeDionisio, and Sholtis, saw each Huskie team finished with a respectful record. Leading the 9th grade team were, high scorers, Ken Kimiecik, Dave Castano, Gil Jordan, Mark Mitchell, and Mark Wykoff. The 8th and 7th grade teams both sent spirited and talented boys to a higher level.

**WRESTLING** proved to be a successful sport in the Junior High as the Huskie grapplers enjoyed a fine season. Under the guidance of Coach Dave Scieford the Huskies turned out many fine wrestlers for next years varsity and J.V. teams.

swim team

The girls' edition of Harbor Creek athletics entered three successful seasons this year. It began with the girls' basketball team, coached by Mrs. Oliver. Outstanding on the squad were Joyce Roseto, Joane Adamak, Amy Pearson, and Ann Marie Abbot. The Harbor Creek swim team, in its first year, showed many good individual per-

formances, regardless of their win-loss standing. The volleyball team, coached by Miss Miller, added a touch of glory to the teams by winning the Erie County Championship by going undefeated at Edinboro. The team featured performances by Priscilla Hamilton, Mary Edwards, and Barb Eaglen.

There will always be criticism of faculty and administration officials - it seems to be part of human nature. But here at Harbor Creek this criticism is unfounded. The academics of our school are run by dedicated, hard working individuals - individuals who spend their time and effort towards making this school the success that it is.

At the beginning of the 1973-1974 school year the Harborian Staff decided to select "work" as the theme for this year's book. Perhaps there was a touch of the clairvoyant to it all, for this topic soon presented itself to the Administration and Faculty of Harbor Creek High School. It all began on September 5th, with students arriving from their summer vacations. This day also marked the opening of a new addition to the school. Much work had been spent organizing this massive move, yet within days it was evident that this work was far from complete. Within two weeks a new schedule was put into effect, involving changes for the eighteen-hundred-plus students at the high school. The result, after a tremendous amount of work on the part of the counselors, department heads, and all throughout the school concerned enough to help, was a very satisfactory system. It is a system which now contains English mini-courses, newly developed photography classes, a community pool service, and many more renovations and ideas.

Later in the year more problems occurred. As of

January 6, 1974, the United States converted to year-round daylight-savings-time. School Board officials and Administration Personnel worked long and hard on the dilemma, finally surfacing with a plan which completely re-vamped the Township School System. In a move which pleased some and angered others it was decided to start the High School at an earlier time than the Elementary schools. Because of this schedules were once more rearranged, with no sacrifices being made within either the courses or the curriculum.

There were problems throughout the entire year, varied and numerous as they always are. Yet these hard-working individuals, gathered from every corner of school life, combined their numerous assets and talents towards achieving workable solutions. It is often forgotten, in day-to-day life at Harbor Creek, that these things do arise. Perhaps we should remember these emergencies, so that we will think of the people who solved them. They deserve a great deal of credit and recognition from the entire community.

Dear, Chris, etc.

You really know how to save a buddy a place to write but that's  
ok. Well, I had every thing that I was going to write but now that this blank  
piece of paper is staring me in the face I forgot them all. Well anyhow  
you're really the greatest friend anybody could ever have. Don't let anyone else  
tell you any different. Don't forget all the heart-to-heart talks we had about  
me + about Fred. We really had a great time this year. All the dances +  
football games - do you remember those football games? & the basketball  
games + the track meets. We had a lot of fun. Remember the swim  
meet + the team **ARFA** We would have so much fun on the bus there but  
as soon as we got there our stomachs turned upside down. Mine's  
turning now just thinking about it. ~~the~~ You would be as nervous as me  
even when you weren't swimming. Then we'd cheer for everyone to keep  
before my mind. Our minds off our nervousness. Then right  
before my meet ... **THE FIRST NAME -- THE LAST WORD**  
block getting all nervous + they'd **IN SCHOOL SERVICES** say. Louise Bayels +  
I'd crack-up. Then I'd get in the water (that's the worst part of swimming back-  
stroke - we have to get in the water before we even start) - the guy would say - Swimmers  
Take your Mark! I'd get more nervous + then he'd say "GO!" + I'd go + I wasn't  
nervous any more just worrying about doing my turn then I don't want to  
see where everyone else is + the **Senior Portraits** not turning again + going back  
+ knowing I'm in 3rd place with the fairview girl in the lane beside me catching  
up we're racing (your tension is supposed to be mounting). Do racing  
+ we go to do our turns + I turn + I'm in the lead + then I realize I didn't  
teach the WAHL + I HAD TO GO BACK IT CAME ON 6th place + I was so mad.  
Well we'll have more fun next year. I'm going to get 1st  
place (maybe). Remember Chorus + all the times we tried to get Mr. Brown out of  
a bad mood by telling him jokes. **Graduation Caps and Gowns** nice he looks today + all the  
same notes + all the fights you had with Sue Boyd. What are you going to do  
without me next year. I mean. I'm so great + all, + popular, + beautiful -  
I did you ever notice that I lie a lot? Well anyhow the greatest times of  
my life have been when I was anywhere near you. You're kinda  
strange at times but **SERVICE IS WHAT WE OFFER** then I guess said that  
was my own private trait + nobody else could have it. After we graduate  
I get married (you will don't worry - I know your saving yourself for  
the right guy + then you're going to smother him over with all your pink +  
love you have inside **ARFA** You I named my 1st girl after you, ok?  
We'll always be friends. **PHOTOGRAPHIC SERVICE COMPANY** When we eat all-  
least 30 we'll sweat recipes + you can tell  
me if mine taste good because I cook worth a damn but I'd  
dream how to make Chocolate Chip cookies so everytime you come over  
to gossip I can give you some. When you have a girl the 1st thing you'll  
say to her is don't you dare hang around with any weirdo people  
like Auntie Bow. When you find the guy you're going to marry let me  
know so I can take him aside + tell about you so he doesn't have to  
find out how weird you are + you're different moods the hard way. I mean  
who should know you better than me? I think I'm going to have  
to continue this on another page how about this page right next to

# Yearbook Pledge

**"I like work;  
It fascinates me.  
I can sit and look  
At it for hours."**

**Jerome K. Jerome**

A lot of work went into this Yearbook, and we on the Harborian Staff are fully aware of that fact. When all is done, however, and we look back upon the past months, we realize that there were more people involved than simply the Harborian Staff.

We therefore would like to take this opportunity to thank those people who helped us during the course of the year. All at the school cooperated with us, including administration and faculty members as well as janitorial personnel. A special thanks goes out to the ladies in the office, who were of invaluable assistance in many cases.

We would also like to thank Gary Lamb, Pam Lynn, Mary Maille, Sue Nelson, Ken Seifert, Bryan Williamson, Bryan Milliren, Kevin Nuber, and everyone else who helped us in preparing copy and photography for this year's book.

# When The Work Is Done . . .

Chris,  
 Thank you for all of the warm,  
 friendly smiles and "hellos". During  
 this year a certain warmth and  
 friendliness has grown be-  
 tween us that I wouldn't  
 swap for all of the  
 money in the world. (or  
 would I?!)

Much love,  
 Carol Ann Prokeppa

**And The Fun's Aside . . .**

*I've been thinking about you  
 since we saw you in  
 the show here and  
 now I see you  
 love you  
 Bonnie  
 P.S. don't  
 let Colleen  
 squint you  
 so much!*

## Towards Future Strides.

Chris,  
to a real sweet kid  
that I really admire. It's  
too bad we don't get along  
because that would really  
be nice. I can't behave like  
right. You'll turn out all  
right. Love Kurt

When I first accepted the opportunity (and responsibility)  
to become Editor of the Harborian, many thoughts entered my  
head. One thought in particular, which seemed to puzzle me to  
no end, was the idea of writing the closing section to this book.  
For, as I soon realized, this is a very difficult task to undertake.  
I write this closing for the class of 1974, and in so doing I am  
writing the closing to a chapter of our lives. It is a portion of our  
lives which has shaped our values and judgements, thereby  
altering our total perceptions of the world which surrounds us. It  
has furthermore expanded our experiences, adding a type of  
knowledge not found in textbooks. It has taught us to work with  
people, and for people, towards a desired goal. It has lasted for  
twelve long years.  
And it is called schooling.  
School in the years past has progressed and transformed  
itself a thousand times over. From 2+2 to sinR; from "See Dick  
run" to William Shakespeare; from singing nursery rhymes to  
chanting basketball cheers, in hundreds of ways our lives have  
changed through education. We have been enriched by those  
around us, sharing in their successes and suffering with their  
failures. We have seen and done things which a generation ago  
were unheard of, yet thanks to the attitudes and feelings of those  
we've met along the way these things are now quite com-  
monplace.  
We have read of great men and distant empires. We have  
studied foreign languages and the secrets of nature. We have  
developed our minds without forsaking our bodies, in an attempt  
to strive for future perfections. We have seen men on the moon;  
cities on the Nile; people on a far-away continent.  
And now, for the class of 1974, this is all over.  
What does the future hold? No one can say. Yet this much is  
certain - there is not a one of us who shall ever forget Harbor  
Creek, and the way it has helped towards achieving happiness  
for our futures.

Keith Julius - Editor
